When you're not wanted it sucks
When you're not wanted it hurts so much
When you're not wanted nothing looks bright and new
When you're not wanted you cast away all your hopes and dreams for
another day
Yes, life really sucks big time when you're not wanted

Phone calls never answered
E-mails remain unread
Your FaceBook page is empty
Exceptin' for the things that you've said

What's up for dinner tonight?
Nobody's around when you want to share a bite
It's such a pathetic plight
When you're not wanted

When you're not wanted things look dark
Even in the middle of the day
When you're not wanted you're invisible
And you just seem to fade away

When you're not wanted you know
Tomorrow's just another day and so
You'll just bide your time and hope that you'll be wanted

When you're not wanted you're phone don't ring
You're the butt of all of your friends' jokes and zings
Yes, life really sucks big time when you're not wanted.

When you're not wanted nobody lingers
Even your hamster bites your fingers
Yes, life really sucks big time when you're not wanted.
